

TIRRA SOLID WASTE REPORT

Nov 15th, 2025 GM

Andrea Baker continues to care for the facility and those who make use of it. The bag fees don't quite care for the cost of operation but are reasonably close. GFL does a great job doing the hauling.

Mike Comeau is planning to create a slightly improved facility for Andrea to use. The small poly shack has done very well for all these years. Thanks to you both for your attention to details at the yard.

Respectfully sbmitted,
Ernie Hunter
SWM chair.
